HASNAIN AHMAD
React Developer

Professional Summary

As a remote React developer with two multi-national companies, I have had the privilege of contributing to impactful projects. During my tenure, I acquired valuable skills and experiences, including:

1. **API Integration**: I successfully integrated various APIs, enhancing the functionality and efficiency of our applications.
2. **Collaborative Teamwork**: Working closely with cross-functional teams, I fostered effective communication and synergy, resulting in seamless project execution.
3. **UI Design Excellence**: My passion for creating intuitive and visually appealing user interfaces led me to master best practices in UI design.
4. **Warehouse Solutions**: Nartec Solutions' focus on warehouse-related services allowed me to delve into mapping products and optimizing processes.

I am proud of my journey thus far and look forward to contributing further to innovative solutions in the tech industry.
